

The map displays a coastal urban layout. A prominent yellow-shaded area follows the coastline, likely representing a specific land use or project area. The coastline is irregular, with several inlets and points. The street network is organized into a grid, with many streets labeled with names in Portuguese. The map is framed by a coordinate grid with latitude and longitude coordinates. The yellow strip starts near the top left, curves along the coast, and ends near the bottom right. The street grid is most dense in the lower-left and lower-right portions of the map. The map is oriented with North at the top.
